

What you *really* need to know about marketing your small business!

10 steps to help your small business succeed in an online environment!

As an expert in small business marketing, I am revealing 10 top tips on the most effective ways you can market your small business in a tough economy! The seminar will be set up very informal. Come with questions you have as they relate to your business and I will do my best to provide you with a solid answer. There will be some lecture and an opportunity for questions and answers at the end.

Some topics covered will be:

Don't stretch yourself too thin | Find your target audience
Customization and personalization | Tailor your offers

THIS IS A FREE EVENT!

Date: Wednesday, January 20, 2010
